RESPONSE TO DECISION

In a Decision dated September 21, 2006 in the above-identified patent application, on Applicants' Petition Under 37 CFR 1.47(a), the Petition was dismissed without prejudice because the Declaration submitted by eight of the nine joint inventors was found not to comply with 37 CFR 1.497 (a) and (b) because a "composite" Declaration was filed. In addition, it was suggested that a corrected Application Data Sheet be filed including the correct name of the misidentified inventor. It was found that the conduct of the non-signing inventor, Michael Johnston, constituted a refusal to cooperate pursuant to MPEP Section 409.03(d).

Enclosed are eight complete Declarations, each signed by one of the eight signing inventors.

Also enclosed is a Corrected Information Data Sheet, including the correct spelling of the name of Michael "Johnston," as well as a new address for one of the inventors, Luca Fillipozzi, as indicated in his Declaration.

As stated in the Decision, no additional fee is due. However, if a fee is found to be due, the Patent Office is hereby authorized to charge the fees for filing of this document to Deposit Account 50-0988 in the name of Kaye Scholer LLP.

Respectfully submitted,  
Kaye Scholer LLP
